W-3 TRANSMITTALS

You need one W-3 form to summarize all paper W-2 Copy A forms for a single company (EIN). Do not use W-3 forms when e-filing. If you need more than the THREE FREE laser forms we send with your W-2s, order #BW305.

Carbonless Construction – Print on all copies without a carbon interleave.

One-Wide – Suitable for any size printer or typewriter, making this format our most popular continuous form.

Two-Wide – For use on wide, 132 column printers. Employer and employee copies are printed side by side.

Twin Sets – For printers that cannot legibly print more than four parts. Employer and employee copies printed separately.

Electronic Reporting – Print recipient, state, local and file copies. Copy A is not included because you file it electronically. *Electronic filing is required for payers with over 250 employees.*

Self-Mailer – Print form data for all copies at once. Tear off the employer/payer copies, and the employee copies are printed, pre-inserted into envelopes and are ready to mail.
